

# I'm Sorry

Moonstar88

I'm on my way  
With my roses and box full of sweets  
I had it all, memorized the lines in my head  
Thinking I'd be winning your smile  
Once again

heey...

But when I saw you  
I realized how I am ashamed of myself  
My mouth has failed to say the things i just can't express  
Afraid to say things I might regret

heey...

What is there to do when I did something wrong  
I didn't mean to hurt you but it took so long  
To say I'm sorry  
I'm sorry

Say you won't ever leave me down  
Say you won't ever leave me down  
Say you won't ever leave me down  
I'm sorry

What is there to do when I did something wrong  
I didn't mean to hurt you but it took so long  
To say I'm sorry  
I'm sorry

Say you won't ever leave me down  
Say you won't  
Say you won't

Say you won't ever leave me down  
Say you won't ever leave me down  
I'm sorry  
I'm sorry
