

# Bama Boy

Mooski

Count my blessing add it up  
Had to pour that henn I had to double up  
Just play it cool  
(Can't see what I do because I move smart)

I can't show no love because I'm too scarred  
Can't see what I do because I move smart  
I just wish my daddy had a new-  
Wish my daddy lived to see a new heart  
They thought it was over, they like who thought  
A young nigga from bama out in New York  
Nigga took the sky out to New York  
They say that lil bama nigga too hard

I can't show no love because I'm too scarred  
Though I got a big heart I got no room for it  
They say it's love they say it's love they say it's love  
But they don't love you they just loving what you do for em  
Ou ou ou ou ou  
They told me you can't take everybody with you  
Couldn't see the reason not believing it was true  
Next thing you know I had to swap the 4 door for a coupe  
What's a best friend, I got less friends  
No one checked in  
Ain't no pressure  
I'm progressing learned my lesson  
Becoming the best man for the better

I can't show no love because I'm too scarred  
Can't see what I do because I move smart  
I just wish my daddy had a new-  
Wish my daddy lived to see a new heart  
They thought it was over, they like who thought  
A young nigga from bama out in New York  
Nigga took the sky out to New York  
They say that lil bama nigga too hard

I'm in New York we at Times Square  
Everybody say real soon you gone be right here  
Got opportunities I know that niggas kill for  
Gotta be careful cuz this everything I live for  
He's something special he's been knowing since a lil boy  
I feel joy as I'm climbing up the billboards  
So I get back inside the stu I need to feel more  
So I get back inside the booth and give a lil more  
Mmhmm  
Climbing we climbing we climbing  
I started working hard it start aligning  
I told em what it was they wouldn't buy in  
Now everything is peachy on my end  
Knowing you can't reach me, stop trying  
Don't say you believed me, you lyin'  
I stack my money neatly and quiet  
I don't need no leeches I'm grinding

Don't get caught in the glamour and glory  
I just put my best foot forward and go

Stay true to who you are and tell your story  
Imma keep it raw and tell em all they need to know

Don't get caught in the glamour and glory  
I just put my best foot forward and go  
Stay true to who you are and tell your story  
Imma keep it raw and tell em all they need to know

When the dollar come  
That's when problems come  
Yeah a lot of them

But when the dollar gone  
They gone do you wrong  
You'll be all alone

They say it's love  
Is it real  
They say it's love  
Is it real  
It's hard to tell from the fake and the real  
It's hard to tell from the fake and the real  
They say it's L-O-V-E  
L-O-V-E  
L-O-V-E  
L-O-V-E  
They say it's L-O-V-E  
L-O-V-E
