

## Life Speed

Mooski

Life moves at a speed moving fast uh huh  
I can see my past through the dash uh huh  
(Oh you know that life speeds fast)  
That liquor do me bad I might crash out

My mama can't speak when I ask her  
Heart disease turned me to a bastard  
(Can we stop time and reach back)  
Lord can you please answer my question  
Ohh ohhh ohh  
Lord can you please answer my question  
(Oh you know you know that life speeds fast)  
Sliding in the rain driving reckless  
Ohh ohhh ohh uh  
Lord I'm just asking, requesting  
(Oh you know that life speeds fast)  
I might hydroplane got no traction

Slow down can life slow down  
Trying to take it in but I don't know how  
I got Hennessy on ice I need more rounds  
Went to see my mama she made no sounds all smiles  
Oh Mama had a stroke 'front of her daughter  
My sister opened up she said it scarred her  
But it's so hard to see  
It's hard to believe  
Hard times bob and weave  
It's hard to grieve  
When you're the man of house  
That mean every word out yo mouth  
Is to lift em up when they're down  
Is to pick em up when they fall down

Life moves at a speed moving fast uh huh  
I can see my past through the dash uh huh  
(Oh you know that life speeds fast)  
That liquor do me bad I might crash out

Phone ring, pops took his last breath  
Needing a new heart  
Needed a start, a transplant needed a heart off the top shelf  
A pace maker he got a knot there  
Tears roll when I came home my mama cried  
She say I look just like my pops I can't look in her eyes

My sister breathing in a brown paper bag  
Mama couldn't make the funeral it's way too sad  
Every time I think about it  
I pour up and drink about it  
Lil bro and sister need some knowledge  
Glad my oldest sister went to college

Life moves at a speed moving fast uh huh  
I can see my past through the dash uh huh  
(Oh you know that life speeds fast)  
That liquor do me bad I might crash out
