

Real Love

Mooski

Life is like a movie ahhouuh
Can I count on you to play your part
She say like 123 girl I like those odds
Summer time fine, melted the ice off of my cold heart
Girl I see those red bottoms you steppin' in
Say they the same ones she left her ex man in
Scrub mentality some niggas just don't get it
But I'm that nigga so I'm knowing who she coming with
But I'm that nigga so I'm knowing who she rocking wit
She over filled with joy she knowing ain't no topping this
So tell them lame niggas be quiet it ain't no stopping this
She say this everything she pictured ain't no cropping it

Lil baby a dime and I'm like woah woah woah
She all I think about it's like that's all I know
She say give me yo love, she say that's all I owe
She say give me yo love she say that's all I want

She in love say she ready to ride
And she the first thing that run through my mind
Girl I will hold you hold you hold you close
Girl it's just you and I
They say real love is so hard to find
And one thing about time, it don't rewind
Girl I will hold you hold you hold you close
'Til the end of time

Prisoner for your love need bond money
Bond like Shump and Teyana
I been searchin' but I found ya
Put you in Fenty like Rihanna
You know my bitch she treat me great
And like to fuck on me
Left wrist on rain and my neck stormy
I don't care bout the nigga before me
Rollin' up the za we in the nose bleeds
Say you down 4L you got to show me
If you lo oh oh oh ove me
Love me forever

Lil baby a dime and I'm like woah woah woah
She all I think about it's like that's all I know
She say give me yo love, she say that's all I owe
She say give me yo love she say that's all I want

She in love say she ready to ride
And she the first thing that run through my mind
Girl I will hold you hold you hold you close
Girl it's just you and I
They say real love is so hard to find
And one thing about time, it don't rewind
Girl I will hold you hold you hold you close
'Til the end of time

Say one thing about time it don't rewind
And when I call you mine it don't decline
Shawty say that her soul mate she checked my sign

She know she gone get her soul ate like errtime

She gone hold a nigga down
It's nothing left to figure out
I swear she got the biggest smile
And wears it so nicely
Shoot my shot it went swoosh like Nike
(Know Imma ball)

Lil baby a dime and I'm like woah woah woah
She all I think about it's like that's all I know
She say give me yo love, she say that's all I owe
She say give me yo love she say that's all I want

She in love say she ready to ride
And she the first thing that run through my mind
Girl I will hold you hold you hold you close
Girl it's just you and I
They say real love is so hard to find
