

# Rocket

Mooski

Hey say you took off like rocket on me  
Trynna find out if the top is lonely  
Made a way through the impossible  
On the way it ain't no stopping no  
Everybody here's got a story  
Know my father he watching for me  
Can't complain all my pocket swole  
Remained the same unlike a lot of you

People quick to say I'm not the same why  
They just want something to say yeah  
Acting like we on the same time  
30,000 on my Cartier watch  
I still go back to the same town  
Got a name now  
But I'm still giving my mama the same smile  
Blessing all my niggas cause they stayed down

We gotta take it to the top with it  
Been snapping since lean wit it rock it  
Touched a bag bout to cop a mean drop wit it  
You know a young nigga coming out of opp with it  
What's the chances we'll make it this far  
Small town nigga with a big dream  
Small nigga with a large pinky ring  
Head strong when nobody believed

And I took off like a rocket yeah  
Know a lot of niggas watching my pocket  
But that's nothing to a nigga that's locked in  
It don't matter no, nobody can stop it

They say you took off like rocket on me  
Trynna find out if the top is lonely  
Made a way through the impossible  
On the way it ain't no stopping no  
Everybody here's got a story  
Know my father he watching for me  
Can't complain all my pocket swole  
Remained the same unlike a lot of you

Take off or take over  
Nigga which one you want  
I'm spitting my pain through the mic and headphones  
Anywhere else I'd be dead wrong and head home  
With a whole lotta heart on my sleeve  
With a whole lotta stress I don't need  
With a whole lotta drink Hennessy  
With a whole lotta sex to hide grief

And I took off like a rocket yeah  
Know a lot of niggas watching my pocket  
But that's nothing to a nigga that's locked in  
It don't matter no, nobody can stop it

They say you took off like rocket on me  
Trynna find out if the top is lonely

Made a way through the impossible  
On the way it ain't no stopping no  
Everybody here's got a story  
Know my father he watching for me  
Can't complain all my pocket swole  
Remained the same unlike a lot of you
