

# By Your Side

**Morandi**

I will never let you down  
Baby, can you trust me?  
Take a look into my eyes,  
Then you'll realize.

Love is in my heart,  
I will never fall, apart,  
Spring is in the air  
Flying everywhere

I will never, never make you cry  
I will always be there by your side  
I will never, never make you cry  
I will always be there by your side

Love is in my heart,  
I will never fall, apart,  
Spring is in the air  
Flying everywhere

I will never, never make you cry  
I will always be there by your side  
I will never, never make you cry  
I will always be there by your side

I will never, never make you cry  
I will always be there by your side  
I will never, never make you cry  
I will always be there by your side
