

# Living Without You

Morandi

Hey baby, say baby  
Do you even miss me anymore  
Oh, baby, I've been dreaming  
About us and the life we had before  
Inside my heart is bleeding  
All that I wish is to hold you again  
You give me such a feeling  
Come back and hold my hand

Ooh, living without you  
My life is falling apart  
Ooh, living Without you  
I tried but is breaking my heart

Hey baby, my baby  
Do you still feel that we belong  
Gone crazy, so crazy  
Can't live without you for to long

Inside my heart is bleeding  
All that I wish is to hold you again  
You give me such a feeling  
Come back and hold my hand

Ooh, living without you  
My life is falling apart  
Ooh, living Without you  
I tried but is breaking my heart

Ooh, living without you  
My life is falling apart  
Ooh, living Without you  
I tried but is breaking my heart

Ooh, living without you  
My life is falling apart  
Ooh, living Without you  
I tried but is breaking my heart
