

# Summer In December

**Morandi**

Midnight  
I'm not feeling so strong now  
I'm not ready to give up on you  
My song hurts  
Maybe I'm playin' it wrong now

Cold eyes and everything's fadin'  
And though I'm blinded  
Now my eyes can see  
Your love  
Baby doesn't love to love me  
Love me.

Tonight  
Oh baby say my name  
Tonight  
I want you to remember  
Our love burning like a flame forever  
Summer in December

My sky used to be golden  
But you paint it  
Into shades of grey  
Slow down  
Baby I'm already broken

Blue eyes and everythings fadin  
This time I'll never  
Be the same again  
It feels like my  
Hearts is no longer  
Beatin' beatin'

Tonight  
Oh baby say my name  
Tonight  
I want you to remember  
Our love burning like a flame forever  
Summer in December

Summer in December  
Summer in December  
Summer in December  
Summer in December
