

The Pillars Crumbling

Morbid Angel

Hypocritical guidance has confused the masses
Veiling the instinctive nature of a higher cause
Accumulation and consupcion
Evaluated by your possessions
Unabated cleansing of a deeper being

Dissociative dissent, liberation through ignorance
Disseminate devolution, dissipation of disruption
Isolation and dejection, disenchanted exhilaration
Discomposed reverence, subservient

Constant denial of truth
Constant distrust
Constant obedience

This has spawned a new type of human
Who live in fear and addiction
Lead them
Guide them to extinction
