

Welcome to Hell

Morbid Angel

Caught within my evil spell
Now it's time to burn in hell
You were fooled on return
You're just a doll for him to burn
See the reaper in his eyes
Brain washed with sin and death
Messenger - prince of flies
Time to burn - my evil wrath
Welcome To Hell...Bring the children down to burn
Sin takes you by surprise
Once you fall - no return
On this backwards hellbound ride
Gates of hell drawing near
Quenching all with black desire
Satan loves the taste of fear
Burn your souls in furnace fire
Welcome To Hell...Evil spell of the dead
Falling endless in your tomb
Messengers of your death
Locked within infernal doom
See the reaper in my eyes
Warlock's voice surrounds your dreams
Baking soul within your screams
Messenger - prince of flies
Welcome To Hell...[X2]
