

Escape the Chaos

Morcheeba

I know what you need
Let me feed you
Your favorite soup
Lord, I wanna take you home

Steady as it comes
What a day for a player
It clearly takes its toll

Smooth out your spine
Got a soulless shine
Like a poorly lion

I'll give you a kiss on your lips
In my cozy bed

Tell me when you're feeling lonely
You're not on your own
When you wanna fall in on me
Just let go, the stress goes ugh
And you're gonna share your worries
Bare your soul a little
You can escape all the chaos

Throw the rug outside
We're not gonna sweep
Any of your deep woes beneath
No high hopes to high ropes

You can decide to hide for another week
Then we're gonna seek salty air
I'll drive us to Brighton Beach

Tell me when you're feeling lonely
You're not on your own
When you wanna fall in on me
Just let go, the stress goes ugh
And you're gonna share your worries
Bare your soul a little
You can escape all the chaos

Tell me when you're feeling lonely
You're not on your own
When you wanna fall in on me
Just let go, the stress goes ugh
Remember that my bed is cozy
To bare your soul a little

You can escape all the chaos
The stress in your chest will go in my cozy bed
Take it slow in my cozy bed
Tears can flow in my cozy bed
Laying low in my cozy bed

Relax in my arms, take the weight off
Your crisis cries out
