

## Love Dub

**Morcheeba**

Come unite  
No now don't divide  
I talking true  
Listening

Family ties  
And our strong allies  
Help to grow a new  
Beginning

Lead the healing  
Build the bridge  
Freedom feeling  
We begin there

Sow the seeds  
For the want and needs  
Can we speak the truth  
From the heart

Follow we  
And we all will see  
As we look to you  
Can we start to

Lead the healing  
Build the bridge  
Freedom feeling  
We begin there

Love  
Like the dove  
As we spread our wings and say  
La, la di da  
And we march and sing our way to

Lead the healing  
Build the bridge  
Freedom feeling  
We begin there
