

Set Your Sails

Morcheeba

Out of my mind
Could be lost in time
Where are you now
Heading north or south

Sail, set your sails my way
Bring the love, I pray
Cast away, away

Hope, have some faith
This could be my day
Safe, heavenly
Through the ocean deep

Sail, set your sails my way
Bring the love, I pray
Cast away, away

I'm all alone

Don't pass me by
Like two ships at night
Navigate, East or West
To my S.O.S

Sail, set your sails my way
Bring the love, I pray
Cast away, away

Sail, set your sails my way
Bring the love, I pray
Cast away, away

Sail, set your sails my way
Bring the love, I pray
And I pray, I pray
And I pray, I pray
And I pray, sail my way
