

# We Live And Die

Morcheeba

I will do everything with you  
Reliance is me invested  
Did a lot of learning before  
You knew my name  
I know our legacy

Been wrong been a mess  
We agree  
Been a wicked little bastard  
On purpose  
You're gonna need hugging again  
You know this home  
I notice all this

Still in love it's a beautiful high  
(Hold it open and see)  
Hate's off the menu these fries  
(Are a little salty)  
A kiss a promise to stay  
I'll show you the way  
I'll show you the way

Windows on radio closed  
As we grew they were  
Silent and sulking  
In the old days of NME  
We shared our drink  
We cared for something

Still in love it's a beautiful high  
(Hold it open and see)  
Hate's off the menu these fries  
(Are a little salty)  
Now my heart is amplified  
You're here by my side  
As we live and die

All this joy we toy with  
All the ups and downs  
Swings and round-a-bouts  
In the end you are my  
Phone-a-friend  
I get to be a millionaire  
With you're in my life

Still in love it's a beautiful high  
(Hold it open and see)  
Hate's off the menu these fries  
(Are a little salty)  
Now my heart is amplified  
You're still by my side  
As we live and die

(Have my heart)  
High five to the sky  
(Here's my heart)  
Now we know we're

Getting it just right  
(Have my heart)  
Letting go with you by my side  
As we live and die
