

# Country Outta My Girl

Morgan Evans

She's a map dot with a welcome sign  
She's a truck stop cherry coke with ice  
Still repping that Bobcat pride  
Still calling from an 865  
She's a ragtop on a hand-me-down jeep  
She's a flat rock skipping 'cross a creek  
She's waffles with the chicken fried  
Hungover from a neon Friday night

And she takes that small town  
Everywhere she goes now

Singing George Strait down Fifth Avenue  
Rodeo Drive in her cowboy boots  
Palm trees shading them southern roots  
Hotter than a ring of fire  
She's a black dress baby with a blue jean heart  
Dirty martini in a mason jar  
Honky tonk angel on a rooftop bar  
Spinning like a rope swing tire

Oh and she might leave  
But she takes Tennessee  
All round the world  
Nah, you can't take the country outta my girl, nah

She's a flip cup hall of fame  
She's a marshmallow on a wire coat hanger  
Put your cuffs, hit the ref or the dad  
She'll bless your heart when she's mad  
From BNA to JFK to LAX, yeah she's

Singing George Strait down Fifth Avenue  
Rodeo Drive in her cowboy boots  
Palm trees shading them southern roots  
Hotter than a ring of fire  
She's a black dress baby with a blue jean heart  
Dirty martini in a mason jar  
Honky tonk angel on a rooftop bar  
Spinning like a rope swing tire

Oh and she might leave  
But she takes Tennessee  
All round the world  
Nah, you can't take the country outta my girl, nah  
Yeah, you can't take the country

And she takes that small town  
Everywhere she goes now

Singing George Strait down Fifth Avenue  
Rodeo Drive in her cowboy boots  
Palm trees shading them southern roots  
Hotter than a ring of fire  
She's a black dress baby with a blue jean heart  
Dirty martini in a mason jar  
Honky tonk angel on a rooftop bar

Spinning like a rope swing tire

Oh and she might leave  
But she takes Tennessee  
All round the world  
Nah, you can't take the country outta my girl  
Can't take the country outta my girl  
Oh-oh, you can't take the girl outta the country  
But you can't take the country outta my girl  
Outta the country  
You can't take the country outta my girl
