

Hey Little Mama

Morgan Evans

Life ain't always summer, these weeks done a number
It almost pulled me under (Hey, little Mama)
There's somethin' in your eyes, it looks like silver linin'
Just the way you smilin' (Hey, little Mama)

Oh Lord, all night
You got a way to lighten up a clouded sky

Hey little Mama, lookin' at you lookin' out now
Makin' me wanna, pray this song never comes out
This kinda heaven, takes all the lemons makes a little lemonade
Hey little Mama, got me dancin' with you in the rain

Jumpin' off the deep end, drinkin' what you're drinkin'
Now you got me thinkin' (Hey, little Mama)

Oh Lord, all night
Ain't a worry in the world with your lips on mine

Hey little Mama, lookin' at you lookin' out now
Makin' me wanna, pray this song never comes out
This kinda heaven, takes all the lemons makes a little lemonade
Hey little Mama, got me dancin' with you in the rain

(Little Mama, hey, little Mama)
(Little Mama, hey, little Mama)
(Little Mama, hey, little Mama)
(Little Mama, hey, little Mama)

Keep dancin' the rain, feelin' great
The peaches ain't gonna fall if the tree ain't shakin'

Oh Lord, all night
Thinkin' 'bout the way you been all my life

Hey little Mama, lookin' at you lookin' out now
Makin' me wanna, pray this song never comes out
This kinda heaven, takes all the lemons makes a little lemonade
Hey little Mama, got me dancin' with you in the rain

(Little Mama, hey, little Mama) Hey Little Mama
Got me dancin' with you in the rain (Little Mama, hey, little M
ama)
(Little Mama, hey, little Mama) Mm
Don't you love a rainy day? (Little Mama, hey, little Mama)
