

## Put It on Me

Morgan Heritage

Yeah, yeah, can't get enough of how you put it on me  
(Can't get enough) yeah, yeah

Ooh, I feel it in the morning  
Yeah, you got me feel it in the evening  
It's just the way you put the good on me, ooh  
Makes me want it all the time  
Well, ooh, ooh

You got me, baby, with your eyes, yeah, whoa oh  
The way you ride it blows my mind  
I can't go a moment without thinking about it, ah yeah  
Lady, you're truly one of a kind, yeah

The way you love me in the morning  
You keep me coming every evening (in the evening)  
Makes me weak, I can't believe it  
Like I've never known love before  
The way you put it on me, lady  
It makes me wanna make a baby with you (ah yeah)  
Woman, your loving drives me crazy (crazy)  
Like I've never known love before, yeah  
Whoa yeah

Your loving makes me so high  
Its got me feeling so divine  
There's nothing I would rather  
Than to love you forever, yeah, yeah

You are so enchanted  
You keep my passion rising  
Oh, what I'm feeling when your body is close up  
Close up on me and I feel the heat rising  
It's showing all in your eyes  
That your love weh me pride in till the sunlight  
Nothing can compares to how it feels right  
Feels so right
