

Want Some More

Morgan Heritage

Avrakedabra
I ah ask
Ah weh di people dem want
Dem want more reggae
Dem want more reggae yeah
Inna dem bones inna dem bones
Dem want more reggae
Hear me now

Can you feel it
Reggae Rockaz in your bones
Why live life without it
Can you feel it
Reggae Rockaz in your bones
Why live life without it
Cause when it touch you
You want some more
And when it move you
You want some more
Cause when it touch you
You want some more
So tell me why live life without it

Eye eye eye

Eyes on police
I see them coming
Some are afraid but
I ain't running
Cause where else do we have to go
We can't jam outta space no
Talk dem ah talk
Misleading the population (Lie dem ah tell)
Telling the mass
The music bread corruption (Lie dem ah tell)
And while we fight and fuss
They are taking control
Of everything here

Can you feel it
Reggae Rockaz in your bones
Why live life without it
Can you feel it
Reggae Rockaz in your bones
Why live life without it
Cause when it touch you
You want some more
And when it move you
You want some more
Cause when it touch you
You want some more
So tell me why live life without it

No medicine from no doctor
Can give you this healing
No case from no lawyer
Can give you this freedom

Open up ur eyes it's revealing
To one and all the doors are open
To the kingdom
Where reggae music lives
Where reggae music lives
So don't fight it
Come and full joy it
Now don't fight it
It will fill every void

Can you feel it
Reggae Rockaz in your bones
Why live life without it
Can you feel it
Reggae Rockaz in your bones
Why live life without it
Cause when it touch you
You want some more
And when it move you
You want some more
Cause when it touch you
You want some more
So tell me why live life without it

It nah go nice
If reggae huh in den
Now what is life without this music
It's like the earth without the sun
Earth without the moon
No balance nah go deh deh
Time and time we see
The healing powers of
This music that gives us life
Makes all races unite

Can you feel it
Reggae Rockaz in your bones
Why live life without it
Can you feel it
Reggae Rockaz in your bones
Why live life without it
Cause when it touch you
You want some more
And when it move you
You want some more
Cause when it touch you
You want some more
So tell me why live life without it
