

## The Answer

Morgan Rose

Seething under my skin  
Protecting all that I am  
Anticipating for the last time  
You can be broken  
All that you want  
'Cause I won't give anymore

Wish you feel alive inside  
But nothing can change your mind  
Erase the shadow left behind  
Stop and realize  
I'm not the answer

Waiting for the next face  
Consider all you can take  
Before you end up like the last one  
Cut you right open  
Just so feel what it's like  
Nothing left unknown

Wish you feel alive inside  
But nothing can change your mind  
Erase the shadow left behind  
Stop and realize  
Now you see  
I'm not the answer  
(Tell me you want it to) Stop

Look me in the eyes and imagine  
A world filled  
With so much love and hope  
Where you can feel alive inside  
And nothing can change your mind  
Erase the shadows left behind

Now you realize  
I'm not answer  
I'm not answer  
The shadow left your eyes  
Finally realize  
Then you'll see  
I'm not the answer
