

# Hansel And Gretel

Morgan Wade

I want you to love me like you once did  
When we were just two dumb kids  
Scared to be apart 'cause the world, it might end  
I want you to love me like you once did  
Like you once did

We sit across the table  
I've been praying for some luck  
We don't speak anymore, you see  
We've fallen out of love  
How did we get here?  
How'd we fall off track?  
Like Hansel and Gretel  
We put kettle on the level  
But we just won't make it back  
Like Hansel and Gretel  
We put kettle on the level  
But we just won't make it back

I wish that we would fight  
Instead of just turning out the lights  
I don't even care if I'm not right  
Baby, I'm begging you to fight  
Begging you to fight

We sit across the table  
I've been praying for some luck  
We don't speak anymore, you see  
We've fallen out of love  
How did we get here?  
How'd we fall off track?  
Like Hansel and Gretel  
We put kettle on the level  
But we just won't make it back  
Like Hansel and Gretel  
We put kettle on the level  
But we just won't make it back

We sit across the table  
I've been praying for some luck  
We don't speak anymore, you see  
We've fallen out of love  
How did we get here?  
How'd we fall off track?  
Like Hansel and Gretel  
We put kettle on the level  
But we just won't make it back  
Like Hansel and Gretel  
We put kettle on the level  
But we just won't make it back
