

Left Me Behind

Morgan Wade

Right now there's a man laying in my bed
I use to call him mine but he feels more like a stranger instead

So I went and dyed my black hair blonde
I know you don't want me anymore more
I was just hoping I could turn you on

Who are you wanting now
It ain't me babe it ain't me
Aren't you wondering how
I became a painful memory
I go back to a March night when I kissed you underneath street lights
All your bottles in my floorboard
Hey baby, why don't you want me anymore?

All day there is a sadness rolling through my mind
I'm constantly reminded you once left me behind
And I don't remember all the fighting words we said
Tell me baby am I crazy did I make it up in my head

Who are you wanting now
It ain't me babe it ain't me
Aren't you wondering how
I became a painful memory
I go back to a March night when I kissed you underneath street lights
All your bottles in my floorboard
Hey baby, why don't you want me anymore?

I think I know just who she is
But I won't open my mouth I won't mention it
Cause I can't stand to see the rage in your eyes
But who am I kidding baby we're both real good with our lies

Who are you wanting now
It ain't me babe it ain't me
Aren't you wondering how
I became a painful memory
I go back to a March night when I kissed you underneath street lights
All your bottles in my floorboard
Hey baby, why don't you want me anymore?
