

Reality

Morgan Wade

Say that you need me
Never gonna leave me, stay
Modern-day James Dean
You love me so mean, I wanna play
Make love to Sinatra
Knowing that I got ya, darling
When you hold me in your arms
I feel so safe from harm
No matter who's calling

And I, yeah, I wanna stay
With you forever now, darling
I know this game and how to play it
But tell me, can I see you in the morning?
'Cause I don't wanna face reality
Stay with me
'Cause I don't wanna face reality
Stay with me

DND on the door
Lingerie on the floor
You know how it is
Mary Jane in your bloodstream
Tell me, do you love me
And give me one more kiss

And I, I wanna stay
With you forever now, darling
I know this game and how to play it
But tell me, can I see you in the morning?
'Cause I don't wanna face reality
Stay with me
'Cause I don't wanna face reality
Won't you stay with me?

There's no good in goodbye
But there's good in your eyes
If you wanna remain
If you should go
I think you should know
It would be my dying day

And I, yeah, I wanna stay
With you forever now, darling
I know this game and how to play it
But tell me, can I see you in the morning?
'Cause I don't wanna face reality
Stay with me
'Cause I don't wanna face reality
Won't you stay with me?

Stay with me
Stay with me
