

Reckless

Morgan Wade

Going too fast down the wrong way
Swimming out past where the waves break
I don't know where I'm going now
I see no signs of slowing down

Trying to make sense of this whole thing
Everybody runs from something someday
I don't have a clue
Who I am without you

Ooh-ooh, ooh-ooh
You had me thinking I was okay
Ooh-ooh, ooh-ooh
But then you turned around and left me

Reckless
No headlights
Driving too fast outside the lines
Reckless
Hand in the fire
No one below while I'm walking on the wire
Reckless
All alone
My heart is broken on the side of the road
I could fix it if I head home
But you ain't here to drive me
Reckless

You told me I should be more free
Is that how you tried to control me?
Did you ever really want this?
Were you afraid you were gonna miss?

I quit checking all the road signs
You don't give a damn what you left behind
I guess I'll keep moving on
'Til the thought of you is gone

Ooh-ooh, ooh-ooh
Gone like everything we ever shared
Wrong
Like thinking you ever cared
And now I'm

Reckless
No headlights
Driving too fast outside the lines
Reckless
Hand in the fire
No one below while I'm walking on the wire
Reckless
All alone
My heart is broken on the side of the road
I could fix it if I head home
But you ain't here to drive me
Reckless

Ooh-ooh, ooh-ooh
You had me thinking I was okay
Ooh-ooh, ooh-ooh
But then you turned around and made me

Reckless
No headlights
Driving too fast outside the lines
Reckless
Hand in the fire
No one below while I'm walking on the wire
Reckless
All alone
My heart is broken on the side of the road
I could fix it if I head home
But you ain't here to drive me
Reckless

You ain't here to drive me
Reckless
