

Had Me By Halftime

Morgan Wallen

You were talking trash, we were tossing bags
When I caught your name at a cornhole game
September Saturday in Rocky Top
Up on top of G10 parking lot
Said, "Girl, where you sitting
I got an extra ticket
It's right on the 50"

You had a 16 home team jersey on
Singing every word to the fight song
Had your airplane bottles from your purse out
Had a country mile smile every first down
Last thing on my mind was the football
Watching you girl like it's gonna be a good fall
You'd have thought that post-game kiss
Woulda made me wanna make you mine
But you had me by halftime

They sent out the pride of a south land band
And all I could think about was holding your hand
Was just gonna catch it on a couch TV
And last second scored a couple tickets for free
But baby I'd have payed anything to see that

16 home team jersey on
Singing every word to the fight song
Had your airplane bottles from your purse out
Had a country mile smile every first down
Last thing on my mind was the football
Watching you girl like it's gonna be a good fall
You'd thought that post-game kiss
Woulda made me wanna make you mine
But you had me by halftime

Now every time the leaves start falling down
I get to thinking bout

That 16 home team jersey on
Singing every word to the fight song
Had your airplane bottles from your purse out
Had a country mile smile every first down
Last thing on my mind was the football
Watching you girl like it's gonna be a good fall
You'd thought that post-game kiss
Woulda made me wanna make you mine
But you had me by halftime
