

Missing

Morgan Wallen

You know where my house is
You know where my bar is
You know where that field I park to drink and watch the stars i
s
You know where my Mom lives
That no trespass pond is
You know where to find me but the problem is

Anywhere you find me, yeah, I'll be missing
The part of my heart that keeps me from runnin' away
Anywhere you find me, yeah, I'll be wishin'
That I had the thing that seems to make most people stay
Maybe I'm missing the point, maybe I'm missing a piece
Maybe I'm missing the girl I actually want missing me
Kinda like the Jack in this glass I'm sippin'
Anywhere you find me, yeah, I'll be missing

Girls say they like it, that I'm hard to read
Till I say goodbye and they all watch me leave
I make up a reason, their make-up starts runnin'
I don't know what it is, but I'm sure missing something 'cause

Anywhere you find me, yeah, I'll be missing
The part of my heart that keeps me from runnin' away
Anywhere you find me, yeah, I'll be wishin'
That I had the thing that seems to make most people stay
Maybe I'm missing the point, maybe I'm missing a piece
Maybe I'm missing the girl I actually want missing me
Kinda like the Jack in this glass I'm sippin'
Anywhere you find me, yeah, I'll be missing

Like some ghost in a bar
They all know me by name
No one's home in my heart
Guess I'm here but I ain't

Anywhere you find me, yeah, I'll be missing
The part of my heart that keeps me from runnin' away
Anywhere you find me, yeah, I'll be wishin'
That I had the thing that seems to make most people stay
Maybe I'm missing the point, maybe I'm missing a piece
Maybe I'm missing the girl I actually want missing me
Kinda like the Jack in this glass I'm sippin'
Anywhere you find me, yeah, I'll be missing
Anywhere you find me, yeah, I'll be missing
