

# Smile

Morgan Wallen

I can't remember the last time  
You looked as happy as you did tonight  
Your tipsy friend grabbed that bartender  
Gave him her phone and pulled us over there with her

He counted to three  
And baby, I haven't seen that side of you in forever  
And I hate it's the truth but, baby, you never do when we're all  
one together

It was good to see you smile  
Girl, you know it's been a while  
It was good to see you smile  
Even if it was just for the picture

They say a picture's worth a thousand words  
But you ain't said one since you woke up  
Silly me, thinkin' we could make it work  
Can you blame me for getting my hopes up?

You know it took me right back  
To how it used to be  
Baby, seeing us like that  
Is still a little bittersweet

But it was good to see you smile  
Girl, you know it's been a while  
It was good to see you smile  
Even if it was just for the picture

If someone were to see this, they'd think everything's alright  
At least we got a pretty little moment frozen in time

It was good to see you smile  
Girl, you know it's been a while  
It was good to see you smile  
Even if it was just for the picture  
Even if it was just for the picture
