

**TN**

**Morgan Wallen**

It's the liquor in my cup, it's the tag on my truck  
And the tag on the buck that I dropped Thanksgivin' last season  
TN

It's the letters on my hat, it's the dust on my dash  
When I take my last breath, it's the dirt that they gonna bury  
me in

TN

It's still got the JD in a Dixie  
And the UT on the TV  
And that Smoky Mountain smoke I'm breathin'  
But I'd bet my last Rocky Top dollar that she's in  
CO, or CA, or back home in GA  
Any place she won't see me in  
Now the one thing I's needin'  
Is the only damn thing I couldn't keep in TN

It's that I-40 ride we took all the time  
She took that night when I couldn't talk her outta leavin'  
TN

There ain't enough sad songs down in Nashville  
Ain't enough moonshine up in them hills to give her a good reason  
To come on back to me in TN

It's still got the JD in a Dixie  
And the UT on the TV  
And that Smoky Mountain smoke I'm breathin'  
But I'd bet my last Rocky Top dollar that she's in  
CO, or CA, or back home in GA  
Any place she won't see me in  
Now the one thing I's needin'  
Is the only damn thing I couldn't keep in TN

It's the number she ain't gonna pick up  
I woulda gone with her but I couldn't give up  
I couldn't give up

All the JD in a Dixie  
Or the UT on the TV  
And that Smoky Mountain smoke I'm breathin'  
But I'd bet my last Rocky Top dollar that she's in  
CO, or CA, or back home in GA  
Any place she won't see me in  
Now the one thing I's needin'  
Is the only damn thing I couldn't keep in TN
