

Dawn Blue

Mori Calliope

Tsukamaete, hora
Kono Shooting star
A world of our fiction awaits

Zutto onaji Mainichi ni mayoi ga atte mo
Kidzukanai furi o shi teta nda
Hon'no chotto no yūki ga mada dasenakutte
Madoromu uchū de samayotte ita

Yozora ni ukabu
Hoshininegaiwo kakeru nda
I hope daite iru yume o
Zettai akirametakunai
Hashiridasukara

Oikakete ima
Ano Shooting star
Mita koto no nai sutōrī
Susunde iku nda
Itsu no hi ni kaki tto
Kaita sekaihe
Tadori tsukeru yō ni

Let go
Of the days you thought mattered so
Life goes on, tomorrow's rolling in
Is it the world we know, or the dream we sought so long?
Motto dare demonai jibun ni naritai nda
Atarashī kaze ga kokoro o yurashita

It takes something to believe
The wish we were promised could really come to life
And so, if this how the story goes
To find that strength inside, I'll remember why back then
You took my hand, and you said

Tsukamaete, hora kono shooting star
Sā, mazuwa ippo fumidashite osorezu ni yukou
Itsu no hi ni kaki tto
Mada minu sekai e tadori tsukeru yō ni

Yoake ni saita tsuki ga mabayui burū no sora ni tokete ku
You and I, an undecided future
Doesn't matter if the final truth hurts
Mōsugu asa ga ugokidasukara

Dakishimete ima kono shooting star
Mita koto no nai sutōrī
I'll be here betting on that
Fearsome heart
'Cause you're that shooting star
It's hopeless now, but maybe if you take that step
Into the darkness, you'll find me
Running by your side until the dawn
In the end, it's you and me
Us against tomorrow
Face the world that we had dreamed

Dry your eyes, and don't look back
