

## Live Again

Mori Calliope

"Otsu kari!" It's the end of the party, let's hit the road  
Before I have to flash back to Shinigami mōdo  
Shinu hodo isogashikute, gotta run  
But thanks for watching what I put out, though it's not a ton (kansha!)  
Excuse me, sorry, taihen, time to say goodbye again  
Promise it's a matter of time before we're best friends!  
It's not the end of your mori  
'Cause every closed door is just the intro of a brand new story!

One wish, that I can't pretend I don't wanna see come true  
I know it wouldn't make a difference  
If you thought of me as much as I think about you...  
But maybe it's deliverance?  
From the pain I know is coming on when my old soul's finally gone  
It's not wrong to think about it, but I'll stop for tonight  
'Cause we're immortalized forever in the songs that we write, ya know?

Sorosoro Say Goodbye, "The End"  
I'm not sorry, but I wanna see you again sometime  
A song in my heart, a world of worry falling on your mind  
Why don't we leave it all behind?  
Kono shunkan ga takaramono  
Kimitachi to atashi, itsu made mo  
"Kyō mo ikite yokatta"  
To ittara, shiawase

Close your eyes for a minute, and envision a place  
Where everybody's cherishing life in one same space  
And it's embarrassing to say, 'cause you're the one that I chase  
But see, mortality's what makes a life sweeter to taste, right?  
Fatalities, fallacies, sweet and sour, simmer, freeze  
Time with me and you, refreshing like a haunted breeze  
Honestly, it's messing with the Reaper mentality  
Sleeping on the fact that history has told me how to be

Do I despise human life? Something really I ain't thought of  
But I die inside a little when we say "jā, mata"  
Ningen no kanjō wa fuyō, jamada  
Even so, madamada shinjitsu batabata  
It's not enough just to see you every "once in a while"  
Searching in the darkness of my world for a smile, there's you!  
Mataashita to asatte, watashitachi no te, kitto kasaneru

Sorosoro Say Goodbye, "The End"  
I'm not sorry, but I wanna see you again sometime
