

# Midnight Mayoi

Mori Calliope

Searchin' for the perfect scenery  
To paint inside a world of white  
Streams of people, seas of light  
And distant dreams of far-off sights

Forget about your heartbreak  
You're dreaming, it's a waste of time  
The highway's calling  
Don't you wanna dance alone just another night?

Neon glows, city streets, your heart beat  
Cafe's closed, they blocked the roads  
We'll just meet anywhere  
Cause we don't really care  
The feeling anything could happen hanging in the air

But it's all so complicated  
Frustrated cause I waited for so long  
They said they'd be here by now  
Oh well  
Somebody got the time wrong

Show you, show me  
Sure you're never lost and lonely?  
Tōzakaru machi wa kagayaku suishō no yō ni  
Show me, show you  
Dokoni ita ttenani shitatte betsuni  
Kamawanai  
But tonight  
Let's just go missing, you and I

Urban paradise  
Jikkō shiyō kon'ya tōhikō o  
Kimi datte nanika o kowashitaidarou  
Urban paradise  
Omoide ga watashi o yon datte  
Kaeranai yo

Dingin hembusan angin malam (halo?)  
Kau bawa ku pergi, mengabaikan, biarkan kita bersama bintang

Black card, but you better give it back (no promise!)  
I cut you just a little bit of slack (be honest!)  
They've got nothing on us  
As we fade in that anonymous night

Show you, show me  
Sure you're never lost and lonely?
