Toss out the attitude, sir, where's your thought and gratitude?  
We're mad at you! So grab a few defenses, you'll be glad you're screwed  
Would I fight with you? Wouldn't waste my time  
The mood's right so this go-around the honor's all mine  
No place to run, don't you ever hide  
Only time I wanna see you down is on ya knees, at my side!

(Dō natten no yo)
