

## Tagono-ura

Moriarty

From Tagono-ura  
Going out here see  
So pure white all  
on topmost Fuji  
Traveling  
snow reared fallen is  
Oh love how  
when i go hunting for her  
the winter night's  
traveling air's so cold  
the shore birds are crying.  
And it became this :  
From Tago-no-ura  
going out here see  
so pure so white and all  
on top most Fuji  
Traveling air's so cold  
the shore birds are crying  
Traveling there's so cold  
the shore birds are snowing  
Snow reared falling is  
Oh love how  
When I go hunting for her  
in the winter nights  
Traveling air's so cold  
the shore birds are shivering  
Traveling air's so cold  
the shore birds are drowning  
Traveling air's so cold  
the shore birds are burning  
Taveling there's so cold  
the shore birds are snowing  
Snow flakes falling on  
my forehead  
Soon I'll be covered by  
a white blanket
