Morissette

Handle it (I can)  
Handle it (I can)  
Handle it (I can)  
Handle it myself  
I can handle it myself  
I can handle it myself

Sometimes people don't understand  
How I am  
How I am  
Basically  
Sometimes people just fail to see  
The strong and free  
Side of me  
Basically

I don't need a fella of my own (I'm good)  
I can handle it alone (I'm good)  
I'm a lady fully grown (I'm good)  
And I can manage thank you  
I don't need a man to lead the way (I'm good)  
I can make it through the day (I'm good)  
One more time I'm gonna say (I'm good)  
I can be whole without you

Handle it (I can)  
Handle it (I can)  
Handle it (I can)  
Handle it myself  
I can handle it myself  
I can handle it myself  
Handle it (I can)  
Handle it (I can)  
Handle it (I can)  
Handle it myself  
I don't need nobody else  
I can handle it myself

Sometimes people see my physique  
Or hear me speak  
And think I'm weak  
Basically  
I don't try to look strong and tough  
But when it's rough  
I'm tough enough  
Can't you see

I don't need a man to get the door (I'm good)  
I don't need another cure (I'm good)  
I don't need you making sure (I'm good)  
Don't even sweat it baby  
I don't need another bodyguard (I'm good)  
It ain't really very hard (I'm good)  
Got my own credit card (I'm good)  
Now do you get it baby?

Handle it (I can)

Handle it (I can)  
Handle it (I can)  
Handle it myself  
I can handle it myself  
I can handle it myself  
Handle it (I can)  
Handle it (I can)  
Handle it (I can)  
Handle it myself  
I don't need nobody else  
I can handle it myself

Do I look helpless like a damsel in distress  
Do I look hopeless like I'm overwhelmed with stress  
Well take a closer look and try another guess  
Can I be independent? Yes yes yes yes

Handle it (I can)  
Handle it (I can)  
Handle it (I can)  
Handle it myself  
I can handle it myself  
I can handle it myself  
Handle it (I can)  
Handle it (I can)  
Handle it (I can)  
Handle it myself  
I don't need nobody else  
I can handle it myself

Handle it (I can)  
Handle it (I can)  
Handle it (I can)  
Handle it myself  
I can handle it myself  
I can handle it myself  
Handle it (I can)  
Handle it (I can)  
Handle it (I can)  
Handle it myself  
I don't need nobody else  
I can handle it myself
