

# Power

Morissette

I've got today  
I'm gonna break it  
I'm gonna make it mine  
This voice inside  
Now you can hear it  
I know the choice is mine

I got this fire burning inside  
You're gonna see me shine tonight

I got wings to fly  
To fly so high  
I am a woman  
And I got the power  
I got more to give  
The love that you need  
I am a woman  
And I got the power

Fly  
I am a woman  
And I got the power  
Fly  
I am a woman  
And I got the power

Got a heart so soft  
But strong as a wheel of steel (wheel or steel)  
I'm gonna keep on climbing (climbing)  
Know I got no limits (ooh, I've got no limits)  
I got love, so keep on rising (I keep on rising)  
These arms, they ain't breaking  
The world I know, I ain't stopping

I got this fire burning inside  
You're gonna see me shine tonight

I got wings to fly  
To fly so high  
I am a woman  
And I got the power  
I got more to give  
The love that you need  
I am a woman  
And I got the power

Fly  
I am a woman  
And I got the power  
Fly  
I am a woman  
And I got the power

I'm gonna take you all by storm  
I got the best of both worlds  
I am a woman  
You know that I got wings to fly so high, so high

I've got hands to touch the sky, the sky

I got more to give  
The love that you need  
I am a woman  
And I got the power

I got wings to fly  
To fly so high  
I am a woman  
And I got the power  
I got more to give  
The love that you need  
I am a woman  
Yes, I got the power

I got wings to fly  
To fly so high  
I am a woman  
Yes, I got the power  
I got more to give  
The love that you need  
I am a woman  
Yes, I got the power
