

# Swat Da Bug

Morissette

One in the morning  
Swat the bug swat the bug swat the bug  
Two in the morning  
Swat the bug

As I make my entrance going past the velvet rope  
I can feel the fellas turning round to have a scope  
I'm not here to hook up, cuz the music is my drug  
I'm just here to move it, I'm just here to swat the bug

Clap your hands together and and say yeah (yeah)  
We got a lot to do  
Get a little closer and say yeah (yeah)  
I'm gonna give it to you

One in the morning  
Swat the bug swat the bug swat the bug  
Two in the morning  
Swat the bug  
Dance until the sun come up  
Three in the morning  
Swat the bug swat the bug swat the bug  
Four in the morning  
Swat the bug  
Dance until the sun come up

Swat the bug

Once your bitten by the bug you haven't got a chance  
When I feel the kick, I just go click and start to dance  
Get up off your attitude, don't sit there looking smug  
Come out here and play I want to see you swat the bug

Clap your hands together and and say yeah (yeah)  
I'm gonna dip the dip  
Get a little closer and say yeah (yeah)  
Put your hand on my hip

One in the morning  
Swat the bug swat the bug swat the bug  
Two in the morning  
Swat the bug  
Dance until the sun come up  
Three in the morning  
Swat the bug swat the bug swat the bug  
Four in the morning  
Swat the bug  
Dance until the sun come up

When I'm dancing I'm somewhere else  
Somewhere I can be myself  
Promise me you'll never pull the plug  
Let the music play and play  
Even at the break of day  
I won't stop until I swat the bug
