

Talk to Me Sweetly

Morissette

You have no idea how much
I've craved the words
You're saying to me

All my life
I've dreamed of being
Loved the way you
Say you do me

But darling...
Don't say you love me
Unless you love me
Please don't toss those lovely words
Around so recklessly
If you
Talk to me sweetly
I fall completely
Watch what you say to me

I can get
A bit distracted
Blinded by my
Deep emotion
Promise me
The words I'm hearing
Come from a sincere devotion

But darling...
Don't say you love me
Unless you love me
Please don't toss these lovely words
Around so recklessly
If you
Talk to me sweetly
I fall completely
Watch what you say to me

I'd be shattered if I found your words
Were any less than true
So if you begin to tell me you love me
Just be sure that you do

Don't say you love me
Unless you love me
Please don't toss those lovely words
Around so recklessly
If you
Talk to me sweetly
I fall completely
Watch what you say to me

If you
Talk to me sweetly
I fall completely
Watch what you say to me
