

# Some Place Else

MorMor

Another day like yesterday  
Where it all just slips away  
A change of scene, a change of pace  
I'm waiting on some better days  
Thought I'd left a tribal state  
The moon, it kept me company  
Really couldn't help myself  
I'm holding on to something else

Is there some place?  
Is there some place else?  
Is there some place?  
Is there some?  
Is there some place?  
Is there some place else?  
Is there some place?  
Is there some?

See them come and watch them go  
Feelings which you never show  
The light will fade, the time as come  
But you and I aren't the only ones

I-I had thought you better  
I-I had thought you better than myself  
I-I had thought you better  
But I had no idea

Is there some place?  
Is there some place else?  
Is there some place?  
Is there some?  
Is there some place?  
Is there some place else?  
Is there some place?  
Is there some?
