# A Love Affair

**Giorgio Moroder**

Lazy afternoon, drop into the Hard Rock Cafe
I'm drinking coffee, she came my way
She drove a red Ferrari, dress is from Armani
Curves so wild, blew me away, oh

Over here she flashes eyes in my direction
Better move before I'm too late
I always can rely on my imagination
To bring a little lady my way

A love affair in the afternoon
My delight, yeah
A love affair in the afternoon
A secret delight

It's hard to imagine arms so tight around me
Give you more than you can take
Paris, London, New York, any destination
Love you till you're ready to break

A love affair in the afternoon
My delight
A love affair in the afternoon
A secret delight

Ooh, watch out
Someone stepped into my dream
Ooh, watch out
Oh lady, don't you listen to him
Ooh, watch out
He's stealing her away from me
Ooh, watch out
Oh, it's just a little fantasy, yeah

A love affair in the afternoon
My delight, oh
A love affair in the afternoon
A secret delight, oh

A love affair in the afternoon
My delight
A love affair in the afternoon
A secret delight, yeah
A love affair in the afternoon
My delight
A love affair in the afternoon
