

Be My Lover Now

Giorgio Moroder

My taste's a little strange
I've been told
You're the kind of person
I wanna hold
You'll never be a picture
I don't care
I've been looking out for you
Everywhere

Be my lover now
Be my lover now

You make me feel so hot
I want you so
Will I always love you?
I don't know
There may be no tomorrow
Anyway
Let's forget the future
And live today

Be my lover now
Be my lover now

I'm tired of trying
Tired of lying
Letting pride get in my way
I'm goin' to speak true
I really want you
I've got nothing else to say

Be my lover now
Be my lover now
Be my lover now
Be my lover now

I'm tired of trying
Tired of lying
Letting pride get in my way
I'm goin' to speak true
I really want you
I've got nothing left to say

Be my lover now
Be my lover now
Won't you be my lover now
Be my lover now

So if you need somebody
Just let it flow
I'm waiting for your answer
Let me know
I wanna be your lover
Right away
If you want me baby
You've got to say

Be my lover now
Be my lover now
Be my lover now
Be my lover now
Be my lover now
(I'll be your baby)
Be my lover now
(Nah-nah-nah-nah-nah)
Be my lover now
(I'll be your baby)
Be my lover now
(Nah-nah-nah-nah, nah-nah-nah-nah)
Be my lover now...
