

# Looky, Looky

Giorgio Moroder

Looky, looky, looky Ain't she pretty, pretty, pretty She's my brand new girl It was only yesterday I met her walking down my way My brand new girl

Looky, looky, looky, looky She's my brand new girl Looky, looky, looky, looky She's my brand new world Looky, looky, she's so fine Looky, looky, and she's mine Oom-mow-mow, papa-oom-mow-mow Oom-mow-mow, papa-oom-mow-mow

Looky, looky, looky At that way she's burning, burning Burning up my mind If I know her longer Will our love be getting stronger Will it make me blind

Looky, looky, looky, looky Burning up my mind Looky, looky, looky, looky Will it make me blind Looky, looky, she's so fine Looky, looky, and she's mine Oom-mow-mow, papa-oom-mow-mow Oom-mow-mow, papa-oom-mow-mow

Skin so soft just like the morning dew Long blond hair and pretty eyes so blue Just the way she holds me in her arms Loving charms - for me
