

Mendocino

Giorgio Moroder

Teeny bopper, my teenage lover
I caught your love last night
It sent my mind a-wond'rin'
You're such a groove, please don't move
Please stay in my love house by the river

Fast-talkin' guys with strange red eyes
That put things in your head
And start your mind a-wond'rin'
I love you so, please don't go
Please stay here with me in Mendocino

Mendocino, Mendocino
Where life's such a groove
You'll blow your mind in the mornin'
We used to walk through the park
Make a-love along the way in Mendocino

Like I told you, can you dig it
If you wanna groove I'll be glad to have you
I love you so, please don't go
Please stay here with me in Mendocino

Mendocino, Mendocino
Where life's such a groove
You'll blow your mind in the mornin'
We used to walk through the park
Make a-love along the way in Mendocino

Mendocino, Mendocino
Where life's such a groove
You'll blow your mind in the mornin'
