

At this point in history
There's a chance of liberty
If we grasp what the future brings
Everyone could live like kings
With the power that's waiting there
Everyone could take a share
We can get what we dream about
Times are changing, there can be no doubt

For the first time in centuries
Maybe we can find some unity

We don't want to hear about the enemy
Other human beings are all we can see
Now...

With the whole world on TV
You believe what you can see
If we make our feelings known
We can prove we are not alone
At this point in history
There's a chance of liberty
If we grasp what the future brings
Everyone could live like kings

There's a turning point in the world today
This is not the time to turn away

It's going to be a struggle if you choose the fight
It's going to be a struggle 'til we all unite
Now...
