

Shake It Up

Giorgio Moroder

Shake it up
Shake it up
Shake it up
Shake it up

When you're moving to the music, you're dancing
When you're moving, don't you stop
When you shake it with your body
When you're spinning like a top

Shake it up
Shake it up
Shake it up
Shake it up

And your heart is beating faster
And your breath it feels so hot
And the rhythm's getting tighter
Got to give it what you've got

Shake it up
Shake it up
Shake it up
Shake it up

You forget your complications
Use your body, not your brain
And we're moving getting closer
Got to shake it up again

Shake it up
Shake it up
Shake it up
Shake it up

When you're moving to the music, you're dancing
When you're moving, don't you stop
When you shake it with your body
Better give it what you've got

Shake it up
Shake it up
Shake it up
Shake it up

...
