

Only One

Morphine

No matter what you say
No matter what you wear
No matter what you say
It's written on your face
No hardly the only
You are the only one
You are the only one that thinks like you

You are the only one who thinks like you
You are the only one who dreams like you
You are the only one, the only one

Behind the bluest flame
They'll never guess your game
Your version of success
Is different from the rest
The way you live your life
The way you live your life

You are the only one who thinks like you
You are the only one who dreams like you
You are the only one, the only one

You are the only one
You are the only one
You are the only one
You are the only one
