

Saddest Song

Morphine

On my first day back my first day back in town
My first day my first day back in town
The clouds up above they were humming our song
Humming humming our song

My biggest fear if I let you go
You'll come and get me in my sleep
My biggest fear if I let you go
You'll come and get me in my sleep
Come and get me

Well, I set my course sailed away from shore
Steady steady as she goes
I crash in the night two worlds collide
But when two worlds collide no one survives, no one survives ye
ah
The reddest of reds the bluest of blues
The saddest of songs I'll sing for you and

My biggest fear if I let you go
Come and get me in my sleep
My biggest fear if I let you go
You'll come and get me in my sleep
Come and get me
Well come and get me, get me, get me, get me, get me, get me
Come and get me
Come and get me in my sleep
