

Women R Dogs

Morphine

Men R dogs
Men R dogs
And women like dogs
Yeah, women like dogs
Women R dogs 2

You know where I come from
They call a man a dog
Yeah, where I come from
They call a man a dog
And the reason they call a man a dog
Is because the man is always fooling around
But while the dog is out there fooling around
Tell me this, what has it found, what has it found?
