

# Fearless

Murray

(Andyr)

Fearless, hope these niggas hear this  
I can't even cry 'cause I been tearless, woah  
Safe around my heart, you can't get near this, no  
Fearless, hope these niggas hear this  
I can't even cry 'cause I been tearless, woah

I been tryna muscle strength to fake a smile and a pulse  
Goin' on a killin' spree, turn my pain into a ghost  
I can handle everything, that's what bothers me the most  
I've been hit by everything except a bullet, Lord knows  
I would rather people lie than to hurt me with the truth  
People talkin' out they ass, but all they opinions is boof  
Say you love me, but the action you showin' can't be the proof  
Fuck 'em, Bishop lie and kill niggas, stealin' just for the juice  
All this love turned to hate for makin' simple mistakes  
They be treatin' me like a king, stroke my eagle, feed me grapes  
Why is it hard to leave but fuckin' easy to stay?  
Niggas hate to heat it in the oven, but stay 'round for the cake  
Life has been a fuckin' challenge, handle problems by the gallon  
Keep the heat like I'm Jimmy, stay live like I'm Fallon  
Do my thing on the beats, I'm just tryna show my talent  
Deep dive like a bird, gotta show the prey my talents

Fearless, hope these niggas hear this  
I can't even cry 'cause I been tearless, woah  
Safe around my heart, you can't get near this, no  
Bitch, I'm too grown to be kiddin'  
Fearless, hope these haters hear this  
I can't even cry 'cause I been tearless, woah  
Safe around my heart, you can't get near this, no

Breakdowns, my life has been a shakedown  
Been feelin' so fatigued, it's time for me to get in shape now  
It's heavy on my shoulders, I'm so tired of liftin' weights now  
I'm sick of gettin' needy, I wish I woulda chose to lay down  
Shit been gettin' better, only 'cause I got my bread up  
I been tryin' not to slouch, look to the sky and keep my head up  
This is where I chose to lay, but it's been hard to make my bed up  
I ain't talkin' to detective, not gon lie though, I been fed up (I been fed up)  
Fuck niggas, man, it's hard to trust niggas  
Show me your true colors, make a choice if I can't fuck with you  
Sign the dotted line that say, "I do," and then I'm stuck with you  
I been feelin' down, but still find the time to get up with you  
Life's a fuckin' challenge, everybody move with malice  
Keep the heat like I'm Jimmy, Bamm-Bamm with the mallet  
If it's peace or the beef, I'm just tryna show my talents  
Deep dive like a bird, gotta show the prey my talent

Fearless, hope these niggas hear this  
I can't even cry 'cause I been tearless, woah  
Safe around my heart, you can't get near this, no  
Bitch, I'm too grown to be kiddin'  
Fearless, hope these haters hear this  
I can't even cry 'cause I been tearless, woah  
Safe around my heart, you can't get near this, no
