

Low Key

Morray

Ayo, Noir

Low key, creep
Choppa sweep
Pussy, leach
Static, beef
Wet em' up, beach
Had enough? You weak
I'ma big dawg, teeth
You don't really want it with me
Low key, creep
Choppa sweep
Pussy, leach
Static, beef
Wet em' up, beach
Had enough? You weak
I'ma big dawg, teeth
You don't really want it with me

On my block I stay strapped with the Glizzy
'Cause I know niggas plotting to get me
Got a Draco, a Glock, and a semi
Either you is a opp or you with me
I'm just young and I'm proud with a penny
If you counting by hunnids, got plenty
All my niggas is down for the figi
That means puttin' a gun to yo wiggy
I'm driving the boat, I stay afloat
When I turn up, I be doing the most
Watch who you scheme on, get turned to a ghost
Surrounded by lions and demons, the bros

Low key, creep
Choppa sweep
Pussy, leach
Static, beef
Wet em' up, beach
Had enough? You weak
I'ma big dawg, teeth
You don't really want it with me
Low key, creep
Choppa sweep
Pussy, leach
Static, beef

Kick door, boom, I'm in the room
I got the box that's equipped with tools
I'm solo dolo controlling the room
Ready to wet this bitch up like a pool
Give me a reason to break my own rules
Bend it like Beckham, I aim and then shoot
The young and the restless, I'll soap opera you
Kill your ass off with no contract renewed
I got a lesson, I'm teaching you fools
Sit at yo desk, pay attention in school
Don't talk when I'm talking, lil' bitch, don't be rude
See, that's the shit that's affecting my mood

Feel like the Joker, I'm going insane
Nothing but negative thoughts in my brain
Shit, I'm surrounded by nothing but lions
But I am the only one outta the cage
Low key
