

Notre-Dame

Morrissey

Notre-Dame, we know who tried to kill you
Notre-Dame, we know who tried to kill you
Notre-Dame, we will not be silent
Notre-Dame, we will not be silent

Before investigations
They said, 'This is not terrorism!'

Notre-Dame, we will not be silent
Notre-Dame, we will not be silent

Before investigations
They said, 'There's nothing to see here!'

Notre-Dame, a cold hand just touched me
Notre-Dame, a cold hand just touched me
Notre-Dame, we will not be silent
Notre-Dame, we will not be silent

Before investigations
They said, 'This is not terrorism!'

Notre-Dame, a cold hand just touched me
Notre-Dame, a cold hand just touched me
