

100 Crops

Morrisson

Four man deep in a RS3
But the plate on the whips from RS5
Just took a L, now it's GBG
Cah' there's certain things in life, bro you can't let slide

Four man deep in a RS3
But the plate on the whips from RS5
Just took a L, now it's GBG
Cah' there's certain things in life, bro you can't let slide

Yo, fuck what you heard, I'm the fuckin' boss
Hit a lick specialist, this W was someone's loss
My girls been livin' her best life 'cause every night she gets to fuck a boss
This years been a good year, bro I must've had about a hundred crops
That's the sound of my hose when I'm waterin' trees
That's the sound of these rappers when they're gassin' on beats
Brr-brr, that's the sound of my young bucks slappin' on semis
Brr-brr, that's the sound of my money counter countin' up ready's

Four man deep in a RS3
But the plate on the whips from RS5
Just took a L, now it's GBG
Cah' there's certain things in life, bro you can't let slide
Was broke as a joke but nothin' ain't funny when your family need help and you can't provide
You ever been standin' in the queue for hours to pay for your shit, then your card declines
Embarrassin', if he's got work then I'm grabbin' him
I was in a traphouse dibblin' and dabblin'
Cali pack packagin', cocaine traffickin'
I'll make a crop go missin' like it's Madeline
In and out, grab the ting
Bada-boom, bada-bing
See you later alligator, in a while crocodile
Hundred grand chain on my neck, that's a shotter style

Yo, fuck what you heard, I'm the fuckin' boss
Hit a lick specialist, this W was someone's loss
My girls been livin' her best life 'cause every night she gets to fuck a boss

We're two man deep in a stolen Jeep
But the plate on the whips from Golders Green
I was in the M3 cuttin' through West
But I'm with the white boy from over East
Ay Morrison, right now I'm lookin' for a load of weed
That's the sound of my young boy loadin' heat
That's the sound that you hear when I'm pissed off
New plug got picked off
Hundred K on your wrist watch
Better buy a stick before it gets ripped off

Can't call my phone for a 0.1
We only sell big rocks
They wanna know what Slim's on
Fuck what you heard, I'm a big dog

Yo, fuck what you heard, I'm the fuckin' boss

Big OG, I'm on a big man ting
Knock-knock, who's there?
Morrison, now let the big man in (Boom)
I took off that door by force 'cause the game didn't wanna let the big man in
If you hear my call I won't call you again
So answer your phone when the big man rings
Too late and you missed my call like Bublé
Bro's got a couple of these A-List cuties
Flashin' their boobies and checkin' their booties
They wanna be spoilt with bags and jewellery
But we don't buss a thirty on 'em like Blueface
Broke on a Monday, hit a lick Tuesday
I'm still a fuckin' problem like 2Chainz
